- A. All recipients of DOL funds for employment and training programs must identify covered persons at the point of entry to programs and / or services so they can take full advantage of the priority of service.
- B. To ensure covered persons understand their entitlement of priority of services and the full array of employment and training programs and any eligibility requirements the covered person must meet in order to gain entry into the program or to be provided services by the program.

VI. Implementation of Priority of Services

Priority of service means the right of eligible covered persons to take precedence over eligible non-covered person in obtaining services. Taking precedence means:

- A. The covered person receives access to the service or resource earlier in time than the non-covered person; or
- B. If the service or resource is limited, the covered person receives access to the service or resource instead of or before the non-covered person.
- C. Priority of Services for Veterans will be provided in this order:
 - a. Special Disabled Veterans,
 - b. Disabled Veterans,
 - c. All other Veterans,
 - d. Eligible persons,
 - e. Non-Veterans.
- D. Eligibility for WIOA Adult and Dislocated Worker Programs are not affected by the Veterans' priority. Priority of services for WIOA programs is only to Veterans / eligible persons who meet the program's eligibility requirements.

VII. Interaction of the Adult Priority and Veterans' Priority of Service. The priority of service for veterans and eligible spouses applies across all qualified employment and training programs. The priority of service for public assistance recipients, other low-income individuals, and individuals who are basic skills deficient is a statutory priority that applies only to the receipt of individualized career services and training services in the WIOA title I Adult program. Local boards may establish a local discretionary priority that also gives priority to other individuals specifically for the receipt of individualized career services and training services in the WIOA title I Adult program. With regard to the priority of service for veterans and eligible spouses, priority of service for the WIOA title I Adult program must be applied in the following order:

1. Veterans and eligible spouses who meet the statutory priority (public assistance recipient, other low-income individuals including the underemployed, or basic skills deficient) and Adult program eligibility must receive the highest level of priority for services;
2. Other individuals (not veterans or eligible spouses) who meet the statutory priority (public assistance recipient, other low-income individuals including underemployed, or basic skills deficient) and Adult program eligibility then receive the second level of priority for services;
3. All other veterans and eligible spouses who meet Adult program eligibility, then receive the third level of priority for services;
4. Other individuals (not veterans or eligible spouses) who do not meet the statutory priority (public assistance recipient, other low-income individuals including underemployed, or basic skills deficient), but do meet a local discretionary priority and Adult program eligibility, then receive the fourth level of priority for services;

5. Other individuals (not veterans or eligible spouses) who do not meet the statutory priority (public assistance recipient, other low-income individuals including underemployed, or basic skills deficient) and do not meet the local discretionary priority, but do meet Adult program eligibility, then receive the fifth level of priority for services.
