

## **Workforce Solutions State/Local Internship Program Application Criteria**

Workforce Solutions for North Central PA, Inc. was awarded funding from the PA Department of Labor and Industry to support the 2018 State/Local Internship Program (PA SLIP) in our six county region. This region has experienced a significant population loss over the past 18 years of 6% with projections of a loss of another 30,000 in the next ten years due to individuals aging out of the workforce. With a regional unemployment rate of 5.73% (December 2017) and this looming population crisis creating a threat of a labor force shortage, the SLIP internship is a great strategy to assist in retaining our young people and making them aware of the career opportunities in their own backyard. The goal of SLIP is to expose our youth to the many opportunities in our region that will encourage them to stay or return after post-secondary education providing our employers with a workforce into the future.
