Highlights for this quarter –

Staff Volunteered to host the Annual Regional Partner Meeting on Wednesday, December 9, 2020. The meeting was held from 10 a.m. to noon on Zoom. Thanks to Shawn Evans, Joshua McConnell, Greg Reedy, Todd Vanderburgh, Ron Hammersly and Linda Franco. The local and Regional Plan were presented by Susie Snelick and Pam Streich. A partnership building exercise was held with all staff. An inspirational video presentation on “Perspective” was viewed and enjoyed by everyone on the call and to wrap things up, each office participated in Highlighting customer achievements. The event was a big success. Thanks again to the planning committee.

Staff participated in Customized Employer Based Career Pathways training held virtually in two sessions on December 10th and December 14th. A Career Pathways mapping guide was reviewed during the sessions.

On October 1st Staff at the Clearfield office had the opportunity to meet with a class of 12 seniors from Philipsburg High School. They spoke with them about what to expect when coming in to see us, how to get in touch with our resources online, and the WIOA Title 1 funding programs that are available to them.

Pictured to the right is YTDS Jenna Dixon meeting with an employer and a WEX participant who just started at her work experience job site. During this meeting WIOA Title 1 OSY participant is learning how to manage her timecard and do her daily temperature checks. Business owner Marci is meeting with Jenna to talk about timecard collection days and the best way to reach Jenna if there is ever a problem.
