Highlights for this quarter –

Kelly R. was a RESEA participant in 2018 who was Trade eligible. Through Trade she attained an Associate degree in Accounting, graduating in May 2020. She worked temporarily for FEMA immediately after graduating, but needed a permanent position. Working with WIOA Title I staff, she received job development services and support, and is now working full-time for Jefferson County as a Fiscal Assistant with a start date of December 7, 2020.

On Wednesday, October 14, 2020, PA CareerLink Jefferson County held a “Cruzing for Jobs” event. On this beautiful

autumn day, the public was invited to drive through the PA CareerLink parking lot where staff met with them at their cars to discuss services and current job postings. Carl the Career Bear, representing our Workforce Investment Board, was present to wave to passers-by and take pictures with kids. From noon to 3:00 PM, thirteen participants received information packets, promotional materials, and a listing of current job postings.

Last year the Bureau of Workforce Partnership & Operations (BWPO) released scam prevention training for all PA CareerLink® staff. This training will now be provided on an annual basis with the purpose of ensuring that all staff have a greater knowledge and awareness of the ways in which they are able to prevent scams from harming individuals and businesses who use PA CareerLink® Online to access employment and training services. Over the past couple of weeks in December of 2020, most PA CareerLink staff have completed the training and knowledge check.
