**Highlights for this quarter –**

Many businesses were actively recruiting up to the latest COVID shutdown. Many businesses are still attempting to hire, but are having difficulty with identifying and finding qualified job seekers.

The majority of our staff’s time has been spent on trying to assist or refer clients for UC inquiries.

Our Staff have provided 238 services to county businesses during the quarter.

While businesses are still attempting to hire, the number of jobseekers has diminished.

Many businesses have not opened to full potential and are still being impacted by COVID.

PennDOT is actively recruiting for seasonal drivers and operator positions across our entire area. Many professional/trade openings are in demand to include, mechanics, electricians, welders, plumbers, maintenance, and machine operators.
